Ambassador Ito Naoki's Message for 20th Anniversary Souvenir of JUAAB

I would like to express my heartfelt congratulations to you all for celebrating 20th anniversary of the Japanese Universities Alumni Association of Bangladesh. Please allow me to take this opportunity to extend my appreciation to the executive members of JUAAB for their sincere commitment to promoting the interactions and exchanges between Japan and Bangladesh since its inception. Without their dedication, we would not have been able to attain such a friendly, human-to-human close relationship that we enjoy today.

I am happy to recall the annual events co-organized by JUAAB and the Japanese Embassy, including 'Japanese Language Proficiency Test (JLPT)' the 'National Speech Contest for Japanese Language', and the 'Study in Japan Seminars'. I believe that your passion and strong intention to promote the Japanese culture, language and education have inspired many young Bangladeshi people to learn more about Japan.

For the relation between our two countries, coming years will be of significant importance. The year 2021 is the 50th anniversary of your independence, and the following 2022 will mark the 50th anniversary of the establishment of our diplomatic relationship. It is my tremendous joy to celebrate these anniversaries together with Bangladeshi people. We will do our utmost to develop our partnership together and continue our cooperation so that we can create Bangladesh's bright future with all of you.

I am pleased that to coincide with these anniversaries, a number of big development projects are underway including those Jamuna Railway Bridge, Dhaka Int'l Airport 3rd Terminal, Dhaka Metro Lines and Matarbari deep-sea port, which will transform infrastructures for development in this country.

Last but not least, I sincerely hope that the friendship and bond we have grown through the interaction with JUAAB members will continue, and that JUAAB will continue its valuable contribution to cultural exchanges between Japan and Bangladesh to help bring our two peoples even closer.

Ito Naoki
Ambassador of Japan to Bangladesh

MESSAGE From President of JUAAB

Japanese Universities Alumni Association in Bangladesh (JUAAB) is the association of the people who obtained their Bachelor, Master or PhD degrees from Japanese universities. JUAAB was established in 2000 on the historical occasion of the 30th year of Japan's diplomatic recognition to the People's Republic of Bangladesh. JUAAB's objective was being conscious of the need for forging and fostering the bonds of friendship and amity between the people of Bangladesh and Japan on exchange of academic knowledge, socio-cultural understanding and mutual appreciation of our age-old heritage.

After 20 years, JUAAB has achieved an esteemed position, not only in strengthening bondage and friendship between Japan and Bangladesh, but also in mobilizing resources towards self-sustenance. JUAAB started with a few members but at present, the number of members has risen to 700. Presently, JUAAB has entered into a new era of development in every sphere of its working arenas through harnessing the strength and expertise of JUAAB team and exploring all available resources. With continuous practicing of democratic principles and norms, JUAAB has become the symbol of unity and strength that ultimately trigger these developments in a prolific fashion.

JUAAB's Japanese language school has been running with dignity and pride, not only in the offer of the courses by efficient Japanese and local language teachers, but also in production of quality students, who perform well in JLPT, VISA grabbing, speech contest and admission in Japanese university and Nihongo Gakko. Japanese language learning in the country has got new dimension, because of the mentorship and support of the new Ambassador of Japan to Bangladesh, H.E. Mr. Naoki ITO through his generous guidance, National Japanese Speech Contest in this year has created lots of interest and enthusiasm among the contestants, while Japanese companies of JCIAD, Grameen UNIQLO, Rohto, Nagasaki Japanese Restaurant and Nissenken working in Bangladesh sponsored prizes to the successful contestants. Ambassador's Medal, Japanese dictionary, other educational tools and certificate have been awarded to the top ranked contestants. The top two contestants will visit Japan for one week through JENESYS program. Recent success of the Japanese language speech contest has encouraged JUAAB to revive Bangla language speech contest for Japanese nationals living in Bangladesh, which had long been a piece of creative amusement for Japanese association here.

JUAAB has been more vibrant now than ever before because JUAAB office has been shifting to its newly owned office premises with a 4,000 square feet commercial space of DOM-INNO at 28, Indira Road, Farmgate, Dhaka. We have another 1138 square feet residential space of our own in "Alaminn Apon Heights", Shyamoli, Dhaka. In the sailing JUAAB standing on own feet, one step and then another- to a strong footage now, the support of JUAAB members, the Embassy of Japan, Japan Foundation and the Ministry of Foreign Affairs (MOFA) are remarkably significant and JUAAB sincerely appreciates all those support. JUAAB is also dreaming to establish "Japan Cultural Centre" in the near future after overcoming the adverse effect of Covid-19 pandemic. This program was Scheduled to be held on March 21, 2020 but for COVID-19 pandemic we had to scale down it on September 26, 2020.

JUAAB needs and requests further support from all corners, the alumni, the Embassy and Japan Foundation, to complete its mission of establishing JUAAB as a self-reliant organization.

Thanking you all for your previous, on-going and future support.

Professor Dr. M A M Yahia Khandoker

MESSAGE

From Advisory Council Chairman of JUAAB

I would like to congratulate the President, the Executive Committee and the Advisory Council of our Japanese Universities Alumni Association in Bangladesh (JUAAB) for bringing out this humble publication to commemorate the 20th Anniversary of its establishment in 2000.

In fact, we, the returned scholars from Japan took an initiative in early 1990s to establish Japanese University Graduates Alumni Association in Bangladesh (JUGAAB). But, unfortunately at that time, the Govt. of Japan did not have enough support to South Asian Countries and, therefore, our effort did not materialise. However, during late 1990s, a stronger support of Japan came to South Asia and, with the blessings of His Excellency the Ambassador of Japan to Bangladesh, we could revive our efforts and were soon successful in establishing JUAAB with the aim of promoting Cultural, Educational and Technological Exchanges between Bangladesh and Japan

Since then, JUAAB continued to grow in terms of memberships and activities gradually with kind cooperation of the Embassy of Japan and the Japan Foundation. However, the sailing of JUAAB during the last 20 years was not smooth always. We had to move our rental office from Pantha Path to Dhanmondi and then to Farmgate, where JUAAB got the real momentum by running the Japanese Language School (headed by Ms. Natsuko Sato, a native Japanese Language Teacher for the last 10 years) and conducting JLPT exams on behalf of the Japan Foundation.

JUAAB is now proud of having its own permanent floor space (about 4,000 SFT) in a modern building at Farmgate. JUAAB is also dreaming now to renovate and equip this space with all modern facilities of a "Japan Cultural Centre" in the near future after overcoming the adverse effect of Covid-19 pandemic.

We, the members of the Advisory Council, are always trying our best to guide and help JUAAB in its activities which are aimed to fulfill its objectives and we sincerely wish the continual growth of JUAAB for becoming a strong and real bridge of friendship between Bangladesh and Japan.

Professor Dr. AKM Moazzem Hussain

Editorial

Dear esteemed readers, as the editor of the souvenir of 20th Anniversary and 19th AGM of JUAAB, I am happy to present this special issue of Souvenir. It gives me immense pleasure to pen down this editorial note as we are celebrating the 20th Anniversary of JUAAB this year though due to Covid-19 pandemic situation we had to scale down our programmes. However, we will try to continue some of our 20th anniversary celebration programs following strict health rules.

JUAAB was launched on 29th September, 2000 with the direct help of the Japanese Embassy in Dhaka. The main objective of this organization is to build friendship and network among the Bangladeshi nationals who earned their academic degrees from Japanese Universities. Besides, it is organizing various programmes to promote and familiarize Japanese culture, social values, education, and moral values in our society.

JUAAB has made remarkable progress over the past 20 years. It is well known and one of the biggest non-political organizations with highly educated about 700 life members. Now, we have our own modern office space, international standard Japanese language School, a small but vibrant management team along with Executive Committee and Advisory Council. We are regularly organizing Ikebana, SAFJUAA, education seminars on Japanese education system, Japanese cultural programmes, conducting JLPT examinations, orientation for MEXT scholars, reception for returnee graduates, donation for natural calamity affected people in home and abroad, Hiroshima- Nagasaki day observation, etc.

The current executive committee is trying its best to make JUAAB a unique organization in Bangladesh. We have a dream to make JUAAB university in future. By your active participation JUAAB will flourish more. We request all new returnee graduates to become members of JUAAB and to help it grow with new ideas and activities.

I have tried to bring you more updates in the present issue. I hope you will enjoy the reading, and we are looking forward to receiving your critical analysis, suggestions and future contributions.

We wish to express our heartiest gratitude to H.E. Ito Naoki, the Ambassador of Japan to Bangladesh, Japanese Embassy Officials, Alumni, Honorable Advisors, EC members, JUAAB office staffs, JUAAB Japanese school teachers and press personnel for their cordial cooperation and guidance to publish this Souvenir in an unusual situation due to the pandemic.

Background story for the formation of JUAAB
Ishtiaq Mahmud
Founder President &
Member Council of Advisors

After my graduation from Chiba University School of Medicine in Biochemistry in 1981 I spent 5 years as a Post Doc in USA & returned to Bangladesh in Feb 1986. I then joined in the department of Biochemistry, Dhaka University as Asst. Prof. Ever since my joining the Dhaka University I found that there are many teachers who got Ph.D. from Japanese Universities but they don't know each other. We often used to see each other at different meetings and in conferences but we didn't have any formal forum or association of our own. There were some scattered efforts by different groups to form an alumni association. One such effort was made by some colleagues in Dhaka University at Curzon Hall and we met in the department of Soil Science to form an association. However, we couldn't continue functioning for a long time. Then there were a gathering at a restaurant named "Sajna" at Gulshan (which doesn't exist anymore). There also we had discussion about the formation of an alumni association. As far as I remember that the then ambassador of Japan in Bangladesh in the year 1999 invited couple of Bangladeshi nationals who graduated from Japanese Universities at his residence. I remember couple of names like Mr. Jalal, Dr. Alauddin & some others, there the formation of alumni association were discussed again. An ad-hoc committee was formed & Prof. Alauddin, the then VC of Jahangirnagar University was made the convenor of the committee to come up with a constitution & Mr. Yasuhiko Tanaka, the Director of Cultural affairs of the embassy of Japan was entrusted to co-ordinate the drafting of the constitution. The committee co-opted some other graduates like Dr. Matin of Dhaka Medical College, Dr. K M Manizurraman of BUET.

I was asked to act as member secretary of the committee. The committee formally met 8 times in different places like restaurants around Gulshan, office of Mr. Tanaka and other places. But as member secretary I had to meet Mr. Tanaka often for drafting the constitution. When we formulated a major segment we use to put it in the ad-hoc committee meeting for approval and suggestion. I remember often Tanaka San use to drop me at my residence at Uttara at night as I didn't have any personal transport at that time. It is about 20 years ago all these things happened and I forgot many things. It was during that time Tanaka-San often used to emphasize the need to keep the proposed association a nonprofit & nonpolitical.

By 20th July 2000, a draft constitution was formulated and which was subsequently circulated among the members of Bangladeshi Graduates from Japanese Universities for their comments and suggestion. The constitution was finally adopted unanimously in the presence of Mr. Tanaka. An Election Commission was formed as per constitution on 28th August 2000 at the 9th meeting of the ad-hoc committee. It was decided in that meeting that, there will be a general meeting of the Japanese graduates in Hotel Purbani, Motijheel and the first Executive Committee (EC) will be formed there by Bangladeshi graduates of Japanese Universities. The meeting was held on 29th September 2000. The EC for the period of 2000-2002 was formed, the list of the names of the first EC members are given below along with the aims and objectives of the association. The association was named JUAAB (Japanese Universities Alumni Association in Bangladesh) and I was made the first President of JUAAB and Dr. K.M. Maniruzzaman of BUET was made the General Secretary of JUAAB.

However the formation of the first Executive Committee (EC) was not very smooth and trouble free and Dr. A.K.M. Moazzem Hussain a Senior Member of the Ad-hoc Committee had to play very important role to make the EC as much as possible a nonpolitical organization.

The EC started its journey without any office and supporting staff. However, soon it was possible to get an office space (6th floor) in Rowshon Tower with the help of Dr. Moazzem Hossain in panthopath area. A staff was given on loan from Embassy. Thus the Alumni Association started its maiden journey which was perhaps the first of its kind in South East Asia. The first EC meeting of JUAAB took place in the language school of Late Mrs Mumtaz Uddin Bhuiyan as we did not have any office of our own at that time. Later on Japanese Ambassador was invited at the residence of the Vice-chancellor of Dhaka University for dinner in which I also attended. It was suggested in that gathering to have a cultural center of Japan like British Council and Vice-Chancellor of Dhaka University gladly offered his support for a piece of land at DU campus. However, the proposal could not be materialized because of many reasons.

General Secretary's Report

Dear Alumni of Japanese Universities Alumni Association in Bangladesh
Welcome to you ALL.

I am happy to present the Annual Activity Report of our Alumni Association. The Association has continued its good work during the year 2019–2020 and also made improvements in its activities with the valuable cooperation extended by the Alumni, Executive Committee, Advisory Council members and Office Bearers. I would like to express my great indebtedness, heart-felt thanks and sincere appreciation to all of you.

Our founder members of JUAAB started this organization dreaming that we, the graduates of different Japanese universities will have a platform from which we will contribute to our society from the knowledge we have learned during our stay in Japan and act as a bridge between Japan and Bangladesh. Their dream has not gone in vain. After many ups and downs, JUAAB has firmly established as vibrant alumni association which without any doubt is the best alumni association in Bangladesh. But this is just the beginning. We have to go a long way.

After 18th AGM of JUAAB which was held at 'Bangladesh Institute of Administrative Management (BIAM) Foundation Auditorium, 63 New Eskaton, Dhaka, one year has gone by very quickly. During this one year, we have done many activities with the heartfelt cooperation of JUAAB EC, AC and staffs. I would like to summarize our all activities in some sub-headings as follows:

1) JUAAB Members:

In recent days, JUAAB EC took initiative to increase the number of JUAAB life member. JUAAB EC frequently communicate with newly graduates from Japan and encourage them to include in the Assistant Proctor's duty during JLPT suggested them to become the life member of JUAAB. Through this practice, last year the number of life member became 639 to 700 (61).

(2) Financial and wealth status and liabilities of JUAAB

Obviously, JUAAB Treasurer will present elaborately JUAAB financial report and audit report. I am taking the opportunity to give you all the brief financial and wealth status and liabilities of JUAAB at a glance.

JUAAB assets:

JUAAB running balance: Taka 21,73,300/- in Bank account.

Samoli Apartment =73,00,000/- Taka;

Indira Road Apartment=4,00,00000/- Taka

JUAAB liabilities:

Loan remaining to pay for Indira Road Apartment= 88,95,750/- Taka (as per March 2020)

Japan Embassy gradually reduces the budget for JUAAB, so we have to raise the funds from different sources like Language school, JUAAB Membership fees, and other activities to make JUAAB as the sustainable organization.

(3) JUAAB permanent office space

As you all know from the last year's General Secretary's report that now we have a nice large office space of 4000 sft at 28, Indira Road. (C) Activities related to Japanese language

(i) JUAAB Japanese Language School:

JUAAB Japanese Language School is one of the best language schools in Bangladesh. From the beginning the school is trying to teach Japanese language with utmost sincerity and devotion. Mostly the school teaches N-5 level language course for 6 months and 3 months known as long course and short course. Recently Japanese government has decided to hire employees from Bangladesh but the condition is that they have to have at least N-3 level language knowledge. So we are giving more emphasis on higher level language teaching so that Bangladeshi people could learn advance course and could avail the opportunity to go to Japan for employment.

Keeping in mind all this things our language sub-committee has decided that our language school should teach the following level of language courses: (a) N-5 level long and short course, (b) N-4 level course (c) N-3 level course and (d) N-(5 + 4) combined courses.

From March 2019 to February 2020, 6 long courses and 12 short of JLPT level- 5 and two six months course of JLPT level- 4 was completed successfully. A new six months course of JLPT Level-(5 + 4) combined course and level-3 has started from March, 2020.

After the ending of each course certificates were distributed through a ceremonial event. Audience will be happy to know that last year total 750 students were enrolled in JUAAB language school. We have one native Japanese language teacher Mrs. Natsuko Sato. She is acting as the Principal and we have other two language teachers, Dr. Farhana Rahman Babli & Mrs. Fazilatun Nesa Shieuly.
